IRAQ WAR VETERAN AND ECONOMIC POLICY SPECIALIST

# ANTHONY WOODS FOR CONGRESS

**Anthony Woods is an experienced leader, not a Sacramento politician.**

**W**hile Sacramento politicians brought California to the brink of bankruptcy, Anthony Woods served two tours of duty in Iraq, led volunteer reconstruction efforts in post-Katrina New Orleans and helped create economic policy solutions that put Americans back to work.

★ **ANTHONY WOODS: FIGHTING FOR HEALTH CARE AND A QUALITY EDUCATION**

The son of a single mother who worked as a housekeeper, Anthony Woods grew up without health insurance and had to fight for a quality education. Through service, he earned an appointment to West Point, and a Master's Degree from Harvard's Kennedy School of Government. For Anthony Woods, ensuring every American can access an affordable health plan of their choice and a quality education isn't some distant policy debate—it's personal.

★ **ANTHONY WOODS: A TWO-TOUR IRAQ WAR VETERAN**

Anthony Woods was a combat platoon leader in Iraq. He was awarded the Bronze Star for his service, but his proudest achievement was bringing all of his troops home safely. Anthony Woods understands how to keep America safe, and he will fight to ensure our veterans receive the care they've earned when they come home. That's why he's earned the endorsement of VoteVets.org—the nation's largest progressive veterans organization, and *Veterans Press*—Northern California's largest veterans publication.

★ **ANTHONY WOODS: SERVING OUR COUNTRY AT HOME**

Anthony Woods earned the Robert F. Kennedy Public Service Award for leading volunteer reconstruction missions to New Orleans and mentoring low-income students. As a West Point and Harvard trained economic policy specialist, he's continued to serve—working in both the public and private sector to help create new jobs and attract high wage industries.

Today, Anthony is back home to help restore our economy, fight for universal health care and open doors to a quality education. **While the professional politicians fight for their next job, Anthony Woods has proven he is the kind of leader who fights for us.**
